For certain services, Summit Salon Academy Kansas City may require a parent or legal guardian to be **present at the time of consultation and/or service**.

A valid photo ID or other proof of age may be requested when necessary to verify that a guest meets the minimum age requirement.

Right to Decline or Modify Services

Meeting the minimum age requirement does not guarantee that a service will be performed. Students and supervising educators must determine that the requested service can be performed safely and appropriately.

Summit Salon Academy Kansas City may **decline, discontinue, or modify a service** when:

- The guest has a condition, sensitivity, contraindication, or other concern that could make the service unsafe.
- The condition of the hair, skin, scalp, or nails makes the requested service inadvisable.
- Required consultations, consent forms, patch tests, or other safety procedures have not been completed.
- The supervising educator determines that the service is outside the appropriate scope of the student training environment.
- The guest does not meet the minimum age requirement established by this policy.

No exceptions to minimum age requirements will be made without approval from Academy Administration.

These requirements are established to protect our guests and students and to maintain the professional and educational standards of Summit Salon Academy Kansas City.
